Supplier List

Hydraulics ♦ Pneumatics ♦ Electronic Controls

AKG

Coolers for Mobile, Industrial, and Compressed Air Systems

AUBURN GEAR

Powerwheel® Speed Reducers

AUSCO

Brakes

BRADEN/GEARMATIC

Hydraulic Winches

BRAND

Mobile Valves & Electronics

BUCHER

Control Valves & Gear Pumps, Cartridge Valves (formerly Command Controls)

CHAR-LYNN

Motors, Power Steering Valves

COMMERICAL INTERTECH

Mobile Hydraulic Pumps. Motors, Valves, and Cylinders

COMER INDUSTRIES

Planetary Track & Wheel Drives, Gearboxes, Axles, Slew Drives, Electric Wheel Drives

CONTINENTAL HYDRAULICS

Pumps, Valves, Power Units, and Integrated Circuits

DELTA COMPUTER

Motion Control

DELTA POWER

Cartridge Valves, Pumps, and Power Units

DELTROL

Needle, Flow Control, and Check Valves

DE-STA-CO

Robohand, Camco, Clamps, End Effectors

DROPSA

Lubrication Systems and Solutions

EATON HYDRAULICS

Char-Lynn & Cessna, Pumps, Motors, Valves, Eaton Hydrostatic Transmissions, Mobile Controls

ENERPAC

High Pressure Tools and Equipment

FLO-TORK

Rack & Pinion Rotary Actuators

FRAME WORLD

Slides. Grippers, Ejectors, Framing

GENERANT

Check, Relief & Manual Valves, Bi-Lock Fittings

GREER HYDRAULICS

Bladder & Piston Accumulators, KleenVent®

GRESEN

Mobile Hydraulic Valves

GS GLOBAL RESOURCES

J1939, Joysticks, Controls, Panels, Displays

HANNA

Air and Hydraulic Cylinders

HELAC

Helical Hydraulic Rotary Actuators

HUMPHREY PRODUCTS

Pneumatic Valves, Actuators, Ionizers, Koganei Pneumatics, Custom Systems

HUSCO

Mobile Hydraulic Valves

HYDRAFORCE

Cartridge Valves, Integrated Circuits, Electronic Controls

HYDRAULIC HOSE & FITTINGS

HY-TEK Hose Assemblies
NRP JONES Hoses & Couplings
BRENNAN Adaptors

KAR-TECH

Radio Remote Controls

MAGNALOY

Couplings, Adaptors, Manifolds

MICROMATIC

Rotac® and Hyd-ro-ac® Rotary Actuators

MILLER FLUID POWER

Air and Hydraulic Cylinders

MOBILE ELECTRONIC CONTROLS

Eaton ProFX
Hydraforce CoreTek
Parker IQAN/Vansco

MONARCH

AC and DC Power Units

MOOG INC

Hydraulic Servo and Proportional Valves, Atchley, Hydrolux, and Pegasus Valves, Radial Piston Pumps (RKP), Electrical Mechanical Actuators

NORGREN

Filters, Regulators, Lubricators, Valves, Push-In Fittings, Air Cylinders

OILDYNE

AC and DC Power Units, Piston Pumps, Pressure Switches

OILGEAR

Hydraulic Piston Pumps

ORTMAN

Air and Hydraulic Cylinders

PRINCE

Mobile Cylinders and Valves

SAI

Low-Speed Hydraulic Motors

SCHROEDER INDUSTRIES

Hydraulic, Lube, Fuel, and Process Filtration Systems

SCOTT REPAIR SERVICE

All Brands, In-Shop, In-Field

SCOTT VALUE ADDED SERVICES

Power Units, Test Stands, Panels, Integrated Circuits, Mobile Electronic Controls, Lube Units

SHEFFER

Hydraulic and Pneumatic Cylinders

SWITCHES & TRANSDUCERS

AST, SIGMANETICS, ANFIELD (SSI), GS GLOBAL, IFM EFFECTOR

SNAP-TITE

Quick Disconnects, Check Valves

THERMAL TRANSFER

Heat Exchangers

VERSA

Aluminum, Brass, and Stainless Steel Valves

VICKERS

Hydraulic Pumps, Valves, Modular Control Cartridges

VOAC

Hydraulic Motors, Pumps, and Valves

WILLIAMS AIR CONTROLS

Mobile Pneumatic Controls

WOODWARD (H.R. TEXTRON)

Servo Valves

Not all products are available at all locations
All Major Credit Cards Accepted

...Expect the Best!

simplifying Controls

Technology at work for you

CONNECTING YOUR BUSINESS TO THE

Scott Industrial's Electronic Control Systems offers a complete array of system components for the most demanding applications. Displays, electronic control units, joysticks, switch panels, sensors, and accessory modules combined with your hydraulic systems provide total machine control.

flexible solutions for your control needs

CONTROL SOLUTIONS

- COMPLETE SYSTEM DESIGN
- J1939 OR CAN OPEN
- JOYSTICKS
- SWITCH PANELS
- SENSORS
- DISPLAYS
- TOTAL SYSTEM CONTROL

DESIGN

We will listen to your team to fully understand how you want your system to perform.

- Operator interface
- Safety
- Data logging
- Optimize hydraulic performance
- Integration of other functions to reduce controls and ease installation

SUPPORT

We document the control and hydraulic systems for you. We work with our engineering team and our supplier engineering teams to offer design ideas and after the sale technical support. Our products are supported by world wide service and support organizations.

CONTROLS RESOURCES YOU NEED

Our systems work with either J1939 or Can-Open system architecture. We can even combine both in one system. We can integrate other machine controls such as lighting, material dispensing, and cab climate controls with our control systems.

SCOTT INDUSTRIAL PROVIDES A TOTAL END TO END SOLUTION

PROGRAMMING

We will program your control system for you. Work with your engineering team to program your system. Teach your engineering team to program your system.

TRAINING

We offer training so you can learn how to apply the systems we offer:

- Schools at your facility
- Schools at our Dayton, Ohio training facility
- Schools at our supplier partners

CONTROLLERS:

We offer control systems from:
EATON
Divelbiss
GS Global Resources
Hydraforce
Parker

HUMAN INTERFACE:

Displays
Touch Screens
Joysticks
Push Button Panels
Foot Pedals

ACCESSORIES:

Pressure Sensors
Temperature Sensors
Dedicated Controllers
Flow Sensors
Position Sensors
